

LUMINAIRE TYPE
SUSPENDED

System Performance:	17W - 22W
Temperature :	3000 K, 4000 K, Active 2700-6000 K
Luminous Flux:	2000 lm - 3000 lm
CRI:	80
Luminous Efficiency:	99,1 - 121.5 lm/W
Dimensions:	D: 165mm/240mm Susp H: 60cm-2m (up to 4m upon request)
Beam:	Lambertian light distribution
Material:	Sheet steel
Voltage - Frequency:	220V - 50/60 Hz
Protection Class:	IP20, I, II

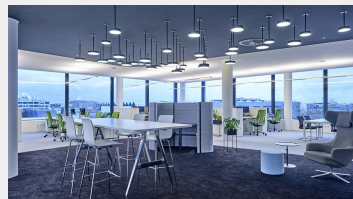

DETAILS

APPLICATION

Retail Lighting

TYPE

Suspended

MANUFACTURER

OKTALITE

COUNTRY OF ORIGIN

MUCH MOON

The decorative suspended luminaire with a visible light surface offers creative design options for many applications thanks to different rod lengths and variable installation options. Be it Food, Fashion, Architectural, Office or Showroom – the controllable lighting installation MUCH MOON with high-level aesthetics creates representative and attention-grabbing areas in any room.

Optical highlights can be achieved by arranging the suspended luminaires irregularly: In the application examples, two luminaire sizes and different suspension lengths were combined. MUCH MOON is HCL-capable and represents a lighting design solution in a class of its own even for high rooms with a suspension length of up to two metres. Alternative suspension lengths can also be produced on request – even up to four metres.

Always a spectacular eye-catcher: MUCH MOON represents unusual lighting architecture, attracting attention in supermarket cash register areas and fashion store entrance areas alike. The regular arrangement of the luminaires as circles generates a fascinating light sculpture. Among other things, the variety of rod lengths of this suspended luminaire from 60 cm up to 2 metres offers numerous design options for a luminous ceiling.

Other stylish applications for MUCH MOON: In offices or for area showcasing, the lighting installation in black or white significantly enhances any space.
