

## LUMINAIRE TYPE

RECESSED - SURFACE - SUSPENDED

- System Performance:** 44W- 81W
- Temperature:** 2700 - 3000 - 4000K
- Luminous Flux:** 3738 lm -8720 lm
- CRI:** >80 - >90
- Driver:** On/Off - Dali
- Voltage - Frequency:** 230V - 50/60 Hz
- Protection Class:** IP44
- Colours:** Black, Silver, White
- Dimensions:** D: 1174mm H: 100mm

## DETAILS

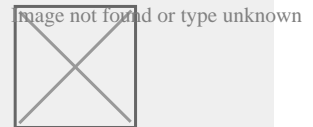

### APPLICATION

Retail Lighting

Office Lighting

## MANUFACTURER

**COUNTRY OF ORIGIN:**  
**AUSTRIA**

## SINUS

Sinus has a lot to offer: The ring luminaire impresses with high visual comfort (choice of homogeneous opal diffuser or glare-free microprism), various light colours including HCL, countless colour options (housing, cable), direct or direct/indirect light emission and optional sensors.

Moreover, sinus fits the pure3 luminaire family like a glove and can be combined as a system to implement individual lighting solutions.

In the acoustic version – sinus.quiet – the luminaire not only provides ideal lighting but also influences the background noise in the room thanks to an internal, highly effective acoustic absorber for regulating the reverberation time.
