VALINEO / TRILUX

TECHLIGHT INNOVATIONS

|	
System Performance:	33W
Temperature :	2700K
Luminous Flux:	4200 lm
CRI:	80
Luminous Efficiency:	127 lm/W
Voltage - Frequency:	220-240V - 50/60 Hz
Protection Class:	IP20, IP44, II, IK03
Colour:	White RAL9016
Dimensions:	595 x 595 x 34 mm

VALINEO

The perfect project solution for planar office light: Valineo LED scores points with specification-relevant parameters such as energy efficiency and service life, and with its simple installation is also ideal for use in refurbishment projects – also usually without replanning thanks to its high luminous flux of 4.250 lm.

For ceiling installations the Siella frame is required
